

Natural Hoof Trim and Nutrition Clinic

With clinician Stephanie Ohlemacher
S.O. Natural Hoof Care

Friday Evening, Saturday & Sunday
September 26th-28th, 2014

Spring Lake Farm
9590 Sandy Branch Road SE
Elizabeth, IN 47117

Clinic will cover the basics for trimming your own horses, touching up hoof imbalances between regular trims and balancing your horse's diet for optimal hoof health. This year's clinic will devote more time to hands-on trimming of cadaver feet and live horses using both conventional tools and abrasive trimming methods (angle grinder/flap disc).
